Subject: Memo of Agreement regarding the Madison College/UW-Madison Transfer Contract

The Transfer Contract, formalized in 2006, delineates the path for transfer for students in the Madison College Liberal Arts program. The purpose of this memo is to affirm the mutual commitment of UW-Madison and Madison College to continue all activities associated with the Transfer Contract and other academic agreements between our two institutions.

We affirm that any changes to the administrative structure of UW-Madison will have no adverse impact on the Transfer Contract or other Madison College/UW-Madison transfer policies or practices. If changes to the language in the Transfer Contract are required, we will work together in good faith to make changes that maintain the content and intent of our current partnerships. We intend to seek ways to improve on the transfer experience for our students.

As written and understood, the President of Madison College and the Chancellor of UW-Madison do mutually agree to the terms in this Memo of Agreement, effective immediately.

Bettsey L. Barhorst
President, Madison College
