TO: Michael Lovell, Interim Chancellor, UW-Milwaukee
FROM: Carolyn "Biddy" Martin, Chancellor
Subject: Memo of Agreement regarding participation in BSN@Home between UW-Milwaukee and UW-Madison

The purpose of this memo is to affirm the mutual commitment of UW-Madison and UW System institutions to remain in partnership to deliver the BSN@Home, the UW System-wide Collaborative Nursing Program. The School of Nursing at UW-Madison was a leader in the development of this innovative and successful program nearly 20 years ago. The School of Nursing intends to remain one of five nursing program partners (Eau Claire, Green Bay, Milwaukee, Oshkosh), and will continue to recruit students, offer courses, and play a role in this continuing collaborative effort that was developed to serve the people of Wisconsin.

If changes to the agreements that support the program are required, we agree to work together in good faith to make necessary modifications that will both preserve the intent of substance of the current arrangements and meet any new practical considerations. UW-Madison will continue to participate in the process for setting tuition and fees that includes all partner institutions and that is led by UW Extension.

As written and understood, the Chancellor of UW-Milwaukee and the Chancellor of UW-Madison do mutually agree to the terms in this Memo of Agreement, effective immediately.

Michal Lovell
Interim Chancellor, UW-Milwaukee

Carolyn "Biddy" Martin
Chancellor, UW-Madison
